

Dear Sirs,

Institute for Fuels and Renewable Energy, EC Baltic Renewable Energy Centre have pleasure to invite you on International Conference **“Renewable Energy Technologies and Polygeneration”** which will be held on **26 th November 2009 in Poznan.**

Within this Conference participants will get more familiar with polygeneration issues. Actual state of EU legislation concerning RES and short overview of chosen RES technologies will be presented as well as examples of practical polygeneration implementation.

The purpose of the conference is to transfer the project results and the knowledge about energy systems and new technologies.

Please find the draft of conference programme attached.

For more details, please contact :

1. Marzena Rutkowska-Filipczak
mrutkowska@ipieo.pl, +48 22 5100 239,

2. Renata Miskiewicz-Pacocha
rmiskiewicz@ipieo.pl, +48 22 5100 227

The workshop is organised within UE project: „Energy Networks in Sustainable Cities”, acronym: „POLYCITY”.

More information about the project you can find on : www.polycity.net

Please send your registration form as soon as possible by e-mail: rmiskiewicz@ipieo.pl or by fax: +48 22 510 02 20. The deadline is 30.10.09.

Sincerelly yours,

Magdalena Rogulska PhD.
Head of EC BREC
EC BREC / IPIEO
