

Dear Sirs,

Institute for Fuels and Renewable Energy, EC Baltic Renewable Energy Centre have pleasure to invite you on **Warsaw Summer School** which will be held on **31 August - 4 September 2009 in Warsaw** and will focus on the theme '**Sustainable Urban Energy Concepts**'.

The purpose of the **Summer School** is to transfer the project results and the knowledge about energy systems, new technologies, policies to young scientists from Central and Eastern European countries as well as to general public. As well as learning, there will be opportunities to make contributions to the discussion in object of future research in this area.

Please find the draft of Summer School programme attached.

We would like to inform that English will be the official language.

IPIEO will cover costs of travel and accommodation.

For more details, please contact :

1. Marzena Rutkowska-Filipczak
mrutkowska@ipieo.pl, +48 22 5100 239,

2. Renata Miskiewicz-Pacocha
rmiskiewicz@ipieo.pl, +48 22 5100 227

The workshop is organised within UE project: „Energy Networks in Sustainable Cities”, acronym: „POLYCITY”.

More information about the project you can find on : www.polycity.net

Please send your registration form as soon as possible by e-mail: rmiskiewicz@ipieo.pl or by fax: +48 22 510 02 20. The deadline is 15.07.09.

Sincerelly yours,

Magdalena Rogulska PhD.
Head of EC BREC
EC BREC / IPIEO
